

ORAL ONCOLOGY SOLUTIONS

COMPLETE INSURANCE VERIFICATION AND REIMBURSEMENT SUPPORT

Complete benefit review to ensure best benefit, obtainment of prior authorization and prompt claim adjudication.

FINANCIAL HARDSHIP COUNSELING

Active participation with charitable foundations, copay assistance and manufacturer assistance programs. Social services support is available to help explore payment options for patients' out-of-pocket expenses.

NO-COST EXPRESS DELIVERY

Oncology Plus ships medications and supplies by discreet, express delivery to the patient's home, physician's office, or other desired location at no additional cost.

SKILLED & DEDICATED CLINICIANS

Toll-free support by highly trained pharmacists 24 hours a day, 7 days a week, to assist patients with compliance, side-effect management and therapy education.

ONGOING REFILL SUPPORT

Proactive outbound refill reminder calls to patients to make sure proper continuation of therapy is occurring.

ENHANCED PHYSICIAN COMMUNICATION

Physicians will be provided with communications regarding patient adverse events, and will be supplied with a comprehensive patient adherence profile after start of therapy that details doses taken, dose changes, side effects experienced, and recommended interventions.
